

# FULL STACK DEVELOPER

## Mario Blasi

I'm a full-stack developer with two years of experience and two official certificates. I've completed over 1000 hours of courses and completed more than 80 projects. I possess a strong skill in creating intuitive user interfaces and I'm committed to using the best development practices. I enjoy tackling complex technical challenges and I'm a proficient problem solver. I'm also a team player and I easily adapt to new environments and technologies

## WORK EXPERIENCES

### JR FULL STACK DEVELOPER

IT Career Switch | September 2023 – May 2024

During the course, I had the opportunity to fully immerse myself in web development as a full-stack web developer. Through the study program, I gained in-depth skills in using Python for backend development and expanded my knowledge of JavaScript for creating dynamic and responsive user interfaces. The course provided me with a solid theoretical and practical foundation, allowing me to develop customized websites, both static and dynamic, using a variety of frameworks and technologies.

### JR FULL STACK DEVELOPER TRAINEE

BOOLEAN | January 2023 – July 2023

With 700 hours of development experience at Boolean Careers, I have developed in-depth skills in HTML, CSS, Bootstrap, Vue.js, JavaScript, Laravel and PHP.

I have worked on several web apps (Netflix, WhapApp etc), implementing interactive and responsive features.

I am able to create attractive layouts and optimise code for optimal performance. I am a motivated team member with a strong commitment to quality work and delivering projects on time.

### FREELANCE DEVELOPER

September – January 2022 London UK

I have worked on the creation and publication of various websites for a wide range of clients. I have developed custom websites, both static and dynamic, using a variety of technologies and platforms. I have a solid understanding of web design principles and usability, and I am able to translate client needs into effective and intuitive web solutions. I am also familiar with SEO optimization and best practices to improve the online visibility of websites. I am proud to have contributed to the success of projects through my creativity and commitment to delivering high-quality results.

### EXECUTIVE CHEF

ABOMNES LTD | 2017 – 2022 London UK

As Executive Chef in the management of two restaurants, I was responsible for supervising kitchen operations, controlling the quality of dishes and implementing safety and hygiene standards.

In addition, I managed kitchen teams, created menus and gained experience in managing staff, including hiring, training and resolving any problems or conflicts.

### 2D GAME DEVELOPER

2021 London UK

I have worked on creating and publishing online games using Construct 2 includes game design and development, game testing, publishing it online, and promoting the game to reach a gaming audience. <https://mblasi.itch.io/>
